Employee Guide

Commonwealth of Kentucky

Effective Date: 07/01/07

Claims Administered by: 
CCMSI

** comp mc is certified by the State of Kentucky to provide managed healthcare services for employees who are injured at work.*

What to do

In a **medical emergency**, proceed immediately **when** to the nearest emergency or urgent care center **an injury** or health care physician, qualified to provide **occurs:** emergency medical treatment.

After you have been treated, notify your

Supervisor of your injury. Your employer will notify CCMSI of your injury by e-mailing CCMSI or calling the claim in at 866.320.8456. It is important that you report your injury as soon as possible following initial treatment or at least within 24-72 hours.

In a **non-emergency**, notify your supervisor immediately and complete a First Notice of Loss Injury Report. If medical attention is needed, select a Gatekeeper Physician.

After you select your physician,

1. Medical Waiver and Consent Form
 2. Designated Physician Form
- your employer will give you the following forms:
3. Medical Treatment Plan Form

Return completed forms to your employer or comp mc:
comp mc fax: 502.426.9516
Phone: 866.361.6899

**You will also receive a Prescription card (EMERIC 800.661.1494) which allows you to fill your prescription for your reported injury without any out of pocket expense.*

What

Your claims adjuster will send you a First **To** Designated Physician Card after you have returned **Expect:** your Designated Physician Form.

**You should show this at each physician appointment so your physician will know who to call and where to send the bill for treatment you received as a result of a reported work injury.*

Your physician will call comp mc (866.361.6899) for approval of treatment requiring pre-authorization.

You have the right to expect that you will:

1. Receive emergency medical treatment as soon as possible.
2. Receive initial treatment by a Managed Care Plan Gatekeeper within 24-48 hours of the request of treatment.
3. Receive specialized medical services that the Managed Care Plan is not otherwise able to provide.
4. Have the right to file a Grievance to resolve a dispute related to medical services. A Grievance must be filed within 30 days of the occurrence of the event that caused the dispute. Comp mc will render a decision within 30 days of having received your written Grievance. You also have the right to appeal this decision.
5. Have a Nurse Case Manager assist you during your recovery from loss time or during on-going treatment.

Care

You may choose a medical provider from **outside the comp mc** **outside** the comp mc network **only in the following cases, otherwise you may be held responsible for medical expenses incurred:**

1. If treatment for a work related injury is initiated prior to the effective date of the managed care agreement.
2. In the event of a medical emergency.
3. When you continue to treat with the physician who rendered your initial emergency care.
4. When you are referred outside of comp mc's network by a comp mc network physician.
5. When authorized treatment is unavailable through the comp mc network.
6. To obtain a second surgical opinion when a comp mc MCO Network physician recommends surgery.

comp mc is not a company which determines compensability.

comp mc does not provide healthcare.

comp mc is a Kentucky Managed Care Company certified by the State of Kentucky to provide managed Healthcare services for employees who are injured at work.
